(1 mike only, no cable or fitting)		30.00
WOLLENSAK 1980 only 2 weeks old, with full warranty	379.00	299.00

BOYNTON STUDIO SHOP TALK

Easter will soon be here... this may reach many of you before Easter, and we will be using the same list for awhile after Easter. Easter is celebrated as a time of renewing... new clothes, Spring arriving, the Easter bunny and chicks a symbol of new birth and life. Does it also remind you of the One who died for your sins, was buried, and the third day ROSE AGAIN, proving that God was satisfied with His work of atonement for my sins and yours? The enclosed Easter message is not only timely for this season, but its message is for eternity. May it be a blessing to you.

The enclosed lists are quite complete as of the day this is written (Mar. 1), but we also have a list of consignment items that we are selling for people all over the country. Write for this, and our sheet on consignment selling and buying procedure.

We have a few Norelco 401 tape recorders left, and effective Mar. 15, price is further reduced on these to \$ 199.95. This is still a current model, transistorized, with stereo mike, self contained amps and speakers, originally priced at \$ 399.50, so the current price is an outstanding buy at 50% off.

The SYNCRON mike continues to be the sensational item of the day. If you didn't get a spec sheet on it, write for one. Completely self contained condensor mike, no extra power supply, no AC cord (battery powered). One of the large old manufacturers of professional recording and sound equipment is taking over the entire production as of Mar. 21, and will be marketing the same mike under their name at \$ 219.50. Our price is \$ 169.50 still, and will remain so as long as our supply lasts... we will have between 50 and 70 mikes to offer at this price. The mike will be identical, and will carry full one year warranty no matter where it is purchased, and the manufacturer will be the same and will honor warranty on all mikes, with same day service when it is required. We also give an unconditional 10 day money back guarantee if you don't like the mike for any reason, so it costs you only postage to try one of them.

LISTED HERE are ALL NEW ITEMS at CLOSE-OUT PRICES - Many are ONE OF A KIND, Selling near, at, or even BELOW our cost, for clearance. Will not be available again at these prices when gone. ALL SALES FINAL on CLOSE-OUTS, but these are all covered by MANUFACTURER'S WARRANTY.

ORIGINAL NOW

SPECIALIZING IN RECORDING AND SOUND EQUIPMENT SPencer 9-5278

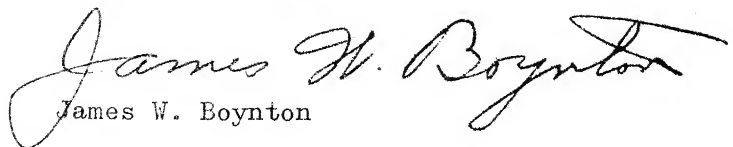

Your name has been given to us by Magnecord, and they have already sent you literature, I believe. Other dealers throughout the country have also received your name, and you may choose to deal with someone closer to home, but we would like to point out that we are "trade-in specialists", and if you have a used recorder or other audio equipment to offer in trade, we can make you an attractive offer. Of course, we'll be glad to sell to you outright too, if you have nothing to trade. If you have no Magnecord dealer near you, we can serve you with the best mail order service available - we are proud of our service.

Enclosed is another piece of Magnecord literature, and one of our Boynton Studio brochures. We recommend Magnecord as the finest tape recorder available in its price range. Magnecord has machines for all types of users, from the serious audiophile to the professional recording studio, and even for tape duplicators. They are unquestionably the leaders in their field - they have been manufacturing professional tape recorders longer than anyone else.

We will be glad to hear from you. If you would like your name on our permanent mailing list for specials on traded-in equipment, return this "Magnecord" letter with your name and address. You will not go on our permanent mailing list unless you request it.

We'll look forward to hearing from you soon, and believe that you will enjoy doing business with us.

Cordially yours,

James W. Boynton
